12:45p- 1:00p	ACN Symposium Welcome & Announcements
1:00p – 2:00p (1 CH)	Keynote Session: Camp: Trauma, Hope, and a Path to Healing Speaker: John Hamilton MA <i>Description: Throughout the pandemic, the American public has sometimes had to choose between objective data and personal testimonials between science and beliefs. And while the medical, social, economic, and educational toll from the COVID-19 virus is unprecedented, some of the effects have been deemed traumatic. But how does this inform our work with youth? If we know trauma has lasting adverse effects on an individual's functioning and mental, physical, social, emotional, or spiritual well-being, what is ours to do? In this session, we'll discuss how we can move from immobilization and dysregulation towards offering hope and wholistic healing in our work.</i>
2:10p – 3:10p (1 CH)	Camp Health Care Practices Within the Context of Covid-19: Benchmarks from the Summer of 2020 Speaker: Dr. Barry Garst <i>Description: This session will address findings from ACN's COVID-19 Camp Health Care Practices study and learn about the impact of nonpharmacologic interventions (NPIs) on health and wellness at camp. Results and implications will be shared to support camp health services for 2021.</i>
3:10p – 3:30p	Break Time
3:30p - 4:00p 4:00p – 4:30p	Break Out Rooms: (2 sessions – 30 minutes each) <i>Managing COVID suspect and COVID+ situations (Paula Lauer RN, BAN)</i> <i>Creative strategies for using NPI's at camp (Lynne Rodrigues RN)</i> <i>Transportation considerations during COVID (Matt Hecht RN)</i> <i>Screening Tools and Processes (Beth Schultz RN, DNP)</i> <i>Staff Preparedness & Staff Challenges (Katie Duffy, Camp Director)</i>
4:40p – 5:40p (1 CH)	Preparing for a Different Health Services: Considerations for Care Speaker: Phil Hackmann RN <i>Description: In order to create a positive camp experience we need to mold expectations, safety guidelines, and support services to manage individuals in community-based setting during times of communicable disease. This session will outline key activities needed prior to the start of camp such as pre-screening; education of campers, families, and staff; health services adjustments, and much more. Our hope is that this session will help you begin to consider the variables of importance as you plan for summer camp 2021.</i>

Sunday, January 31, 2021: (All Times are Eastern time)

2:45p-3:00p	Introductions & Announcements
3:00p – 4:00p (1 CH)	Testing in a Time of COVID: Considerations for Camp Practice Speaker: Dr Laura Blaisdell <i>Description: As the landscape of COVID-19 testing continues to shape and shift, camps are beginning to think about testing strategies for Summer 2021. This workshop will review current tests for COVID-19 and review their strengths and limitations. Participants will also learn about current best practices for COVID-19 testing in the camp setting and discuss the role camp nurses in testing administration and interpretation.</i>
4:15p - 5:15p (1 CH)	Supporting Staff Mental Health: Five Overlooked Essentials Speaker: Dr. Chris Thurber <i>Description: The demands of camp leadership can stretch the most resilient staff to their limits, which is why camp nurses and other providers have a key role to play. This interactive workshop will use live scenarios and case studies to teach five overlooked approaches to staff mental health and wellness. Rather than wait until mental health problems grow severe enough to affect counselors' functioning, you can teach, monitor, and assess social-emotional strength.</i>
